

Is a CCRC Right for You?

Checklist

Use the checklist below to help you determine if a Continuing Care Retirement Community (CCRC) is right for you.

- ☐ Do you desire less home maintenance?
- ☐ Do you want more control over housing expenses?
- ☐ Do you want assurance, in the face of certain life events, that you'll have access to nursing care?
- ☐ Do you want to continue doing the activities you love, in a community environment that supports privacy and independence?
- ☐ Do you want to alleviate your adult children from the stress and burnout of caregiving, should you ever require assisted living or personal care?
- ☐ Do you lack nearby family members or a support system, if you should require long-term care in the future.

If you checked off most of these questions
than a CCRC may be right for you.

Our senior living experts are available to answer any questions you may have. If you would like to schedule a visit to one of our communities visit us online at www.presbyterianseniorliving.org

Fast Fact:

70%

*the number of older
Americans that will
need long-term
care as they age.*
