1. In order to be eligible for an apartment with special features, you must require the features of the apartment.
2. This apartment community participates in the federal low-income housing tax credit program and claims tax credits in return for renting some or all of the apartments to low-income tenants at a restricted rent based on area median income, a measure used to determine housing affordability. Income limits are available for larger households upon request. This community does not give out waiting list numbers because applicants may qualify for several unit set-asides based on their income. When an apartment becomes available, applicants are selected by date and time order of their waiting list application to determine if they are interested in the available apartment at the designated rent. Applicants who qualify for multiple income set-asides may specify that they only want to be contacted for the lowest set-aside for which they would qualify. Note: "Unit set-aside" is the percentage of where your income falls in relation to area median income for the county where this community is located; it does not mean that you will pay 50% of your income for housing.
3. Minimum incomes are determined to ensure that residents do not pay more than 50% of their income for housing expenses. There is no minimum income requirement for holders of Housing Choice or VASH rental assistance vouchers.
