MSN DEGREE PLANS

Psych Mental Health - Nurse Practitioner | + 25 CREDITS

As one of the hottest up and coming areas of nursing, the Psychiatric Mental Health Nurse Practitioner (PMHNP) program is a Master of Science program that prepares you to specialize in the diagnosis and management of patients with mental health conditions.

Adult Gerontology - Nurse Practitioner | + 21 CREDITS

The Adult Gerontology Nurse Practitioner program is a Master of Science program that prepares you to specialize in the diagnosis and management of both common and complex medical conditions for adolescents and adults.

Nurse Educator | + 17 CREDITS

The Family Nurse Practitioner program prepares you to implement evidence-based care in a variety of primary care settings across the lifespan of patients. It opens up the opportunity to work in advanced care in a wide range of settings.
