Your Eligibility/Enrollment Process

This guide is for open enrollment, new hires, and other benefits eligible employees.

About this Guide

PSL realizes how important benefits are for you and your family. The PSL [benefits page](#) and this booklet offers information on benefits offered, eligibility, how and when to enroll. This guide is intended to provide an overview of the medical, prescription, dental, vision, EAP, life, short-term disability, pet insurance and Call to Health well being benefits. PSL offers benefit plans that include high quality benefits as well as employee choice. If you have questions about the plans, additional information is available on the PSL [benefits page](#). After you make your benefit decisions you need to complete the enrollment process through [‘My HR’](#). There are time frames for both initial enrollments by newly hired or newly eligible employees, as well as, set Open Enrollment periods for ongoing participants. It is the employee’s responsibility to enroll within the appropriate time period.

Current Benefit Eligible Employees

During Open Enrollment, you can enroll or decline in the PSL benefits on [‘My HR’](#). Your benefit selections will be in effect January 1 through December 31 of the next calendar year. Each Fall, you have the opportunity to make changes to your benefits in the designated Open Enrollment period. At that time, you will be able to change your benefits for the following year.

Newly Eligible Employees

If you are a new hire or newly benefits eligible employee, you will have the opportunity to make your benefit elections on [‘My HR’](#) within **30 days** of your new hire (hire date) or newly benefits eligibility date (transfer date to new benefits eligible position). For example: If you have recently changed to a full time position then you will have 30 days to enroll / decline in the benefits on [‘My HR’](#) from the date of your new position start date. If you are a new hire to PSL then you

have 30 days to elect benefits from your original hire date as long as your position is eligible for PSL benefits.

Qualifying Life Event

If you have a qualifying life change event, you have 30 days from the date of the event to make changes to your benefits. You may make the changes and elect benefits on [‘My HR’](#). You must provide supporting documentation of the life change event to your Human Resources department.

Qualifying life events such as:

- The birth, adoption or loss of a dependent;
- Your marriage or divorce; or
- A change in your or your spouse’s employment status, or that of an eligible dependent, that affects eligibility for coverage.

Qualifying events may also require a name change or update to beneficiaries for the group life insurance and retirement benefits. Name changes can be done on [‘My HR’](#)/Menu/Myself/My Profile/Personal Details/Name, address, and telephone/ edit. Submit the name change request on [‘My HR’](#) after visiting your community HR department for the review of the Social Security Card (a copy is not made). Workflow approval to Payroll Manager (community HR).

Note: If the employee submits this request prior to sharing the card with the new name then your community HR will reach out to the employee prior to approving the workflow, updating the I-9.

If applicable, please refer to the [Prudential Group Life](#), HealthEquity (if you are electing the High Deductible Medical plan) and [Conrad Siegel](#) website to update beneficiaries to those benefits. Beneficiary information is not stored in [‘My HR’](#).

Your Eligibility/Enrollment Process

Your Eligibility and Benefits Effective Dates

Your benefits eligibility date and the start date in which the benefits become effective differ. **Please make sure you make your elections within 30 days of your new hire start date or your newly benefits eligible position date.**

Full-time employees are eligible for Presbyterian Senior Living insurance plans:

- **403B Retirement Plan** – upon hire the employee can enroll. There is no waiting period to elect and start saving for retirement. 403B enrollment and changes in contributions can be done at any time. Please refer to the Retirement Program Snapshot document on the [PSL Benefits](#) page and on 'My HR' for more information.
- **EAP** – upon hire the employee is automatically covered. There is no waiting period.
- **Voluntary Short-term Disability** – Benefits will begin on the first of the month following 30 days from date of benefits eligibility.
- **Pet Insurance** – Eligible to enroll first of the month following 30 days of employment with PSL. Once eligibility window has been met, you have up to 30 days from eligibility date to complete enrollment. Coverage starts first of the month following enrollment.
- **Medical (including Call to Health and prescription drug coverage)** – Benefit will begin on the first of the month following 60 days from date of benefits eligibility.
- **Dental** – Benefit will begin on the first of the month following 60 days from date of benefits eligibility.
- **Vision** – Benefit will begin on the first of the month following 60 days from date of benefits eligibility.
- **Group Life Insurance** – Benefit will begin first of the month following 90 days from date of benefits eligibility.

For example: hire date 10/10, enroll within 30 days from 10/10 no later than 11/9 and Medical / Rx benefits would begin 1/1, Life would begin 2/1 and VSTD would begin 11/1.

Pet Insurance Example: Hire Date 2/20, waiting period 1st of the month following 30 days = 4/1

(eligibility period). Have 30 days from 4/1 to enroll. Benefit start date is based on 1st of the month following enrollment date. Enroll 4/15 = Benefit start date 5/1

All benefits with the exception of the Voluntary Short-term Disability benefit will be available to you to elect during the annual open enrollment period. More information on part time eligibility is available from your Human Resources department and on [PSL Benefits](#) page.

Dependent Eligibility for Coverage

Dependents eligible for coverage are (i) your spouse, (ii) a married or unmarried child to the age of 26 (including stepchildren, legally adopted children, and children placed with you for adoption); (iii) an unmarried, physically or mentally handicapped child who is covered under the Program before reaching age 26 and who is dependent upon you for support and qualifies as a dependent for federal income tax purposes.

Premium Costs

The benefit premium deductions will appear on your pay stub on a bi-weekly basis for 24 pays. There are typically 26 pays in a payroll calendar. If you select the Voluntary Short-term Disability benefit you will see a post-tax deduction on every bi-weekly payroll. There is not a pre-tax option available for the voluntary short term disability benefit or pet insurance.

Premium Conversion Plan

Section 125 of the Internal Revenue Code allows Presbyterian Senior Living to set up a plan allowing the employee's share of benefit costs (health and prescription, dental, vision and/or voluntary short-term disability coverage) with pre-tax dollars. The cost for coverage is automatically deducted from each paycheck and payment is made before Federal, State, Medicare and Social Security taxes are withheld.

Upon initial enrollment in our benefit plans, an election may be made to have deductions taken on a post-tax basis. The election of the voluntary short term disability benefit will always be at a post tax basis. The election may be changed during Open Enrollment for benefits each year.

Off Boarding Information

HSA*

If you are currently enrolled in the Health Savings Account (H.S.A.) then your H.S.A. account will remain available to you. The PSL contributions will end on the last pay in which your benefits are in effect. If you have questions, call the HealthEquity. If you have the opportunity to save at your new employer then you may transfer your existing HSA balance from HealthEquity to consolidate your savings.

COBRA*

Presbyterian Senior Living abides by the Department of Labor's Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) continuation of coverage for the dental and vision benefits. PSL will continue to use the third party COBRA provider, Ameriflex, to administer the Dental and Vision continuation of coverage.

COB*

Continuation of Benefit (COB) coverage for the medical plans will be administered through The Board of Pensions of the Presbyterian Church (U.S.A.). Please see the medical section of this guide for more information on the continuation of benefits.

LIFE AND SHORT-TERM DISABILITY*

If you are currently enrolled in the PSL Group Term Life Insurance through Prudential, this benefit will end on the last day of employment. The group plan can be converted to an individual plan, of which the previous employee would assume cost. If you are interested in converting to an individual plan please contact Prudential.

The PSL short term disability benefit ends on the last day of employment with PSL. Conversion to an individual plan is not available.

PET INSURANCE*

If you are currently enrolled in the Pet Insurance, this benefit will run until the end of the month following your last day with PSL. The group plan can be converted to an individual plan, of which the previous employee would assume cost. If you are interested in converting to an individual plan please contact Pet Insurance.

***Note: PSL benefits (medical, prescription, dental, vision and pet insurance) run until the end of the month following the date of ineligibility and the employee is responsible for any premium costs.**

How to Navigate 'My HR'

Open Enrollment Benefit Instructions During the Month of October

- Follow the steps below if you would like to make changes to your Open Enrollment elections
- Click on the **Open Enrollment** link on your homepage of '[My HR](#)'. You can also view the current benefit rates in the Open Enrollment link.
- Click on the **Open Enrollment Session**
- **Click on the pop up radio button "make new elections"**
- Benefits Enrollment Screen appears
- Click the **Next** button (Press the Draft button at anytime to save your elections)
- **Elect** or **Decline** each benefit in the Open Enrollment session
- Add dependents to the plans (if applicable)
Note: In order to add dependents to benefit plans, you must have a social security number and date of birth included in the information on '[My HR](#)'.
- **Confirm** your elections or benefit changes
- Press the **Submit** button
- Confirmation message box will appear – Press **Ok**
- Print a copy for your records
- Click on the **Modify Elections** button if you need to make changes to the OE benefits elections
- Close the Enrollment session by pressing **Close**
- You have until the end of the designated Open Enrollment period to make changes and submit your elections
- If you do not want to make changes, no additional steps are required or you can select the pop up radio button "stay enrolled in current benefit plans"

New Hire or Newly Eligible Benefit Enrollment Instructions

- Click on this [link](#) to view the "How to Make Benefit Changes in '[My HR](#)'" as a new hire or newly eligible benefit enrollment instructions
- Go to the Menu on your homepage of '[My HR](#)' and then click **Myself** link
- Click on **Benefits/ Classic Benefits/ Life Events** and the event that applies to you i.e. 'I am a Newly Benefits Eligible Employee' for New Hire or Newly Eligible
- Life Event screen appears

- Click the **Next** button
- Verify your dependent information
- Click on each benefit plan and **Elect** or **Decline** by following the benefits wizard
- Add dependents to the benefit plan selections if applicable
- **Confirm** your elections or changes
- Press the **Submit** button
- Review your benefit selections
- Print a copy for your records
- Close the session by pressing **Close**
- Your Benefit Enrollment is now in your Requests / Pending Approvals and will be reviewed and processed by your HR Department and AO Benefits Department

Qualifying Life Event Instructions

- Click on this [link](#) to view the "How to Make Benefit Changes in '[My HR](#)'" due a qualifying event
- You have 30 days from the date of the event to make changes to your benefits. You must provide supporting documentation of the life change event to your Human Resources department.
- Go to the Menu on your homepage of '[My HR](#)' and then click **Myself** link
- Click on **Benefits/ Classic Benefits/ Life Events** and the event that applies to you i.e. 'I have a Qualifying Life Event Change'
- Benefits Enrollment screen appears
- Enter the date of the event and select the life event reason from the drop down selections
- Click the **Next** button
- Verify your dependent information
- Click on each benefit plan and make the necessary changes based on the life change event
- **Confirm** your changes
- Press the **Submit** button
- Review your benefit selections
- Print a copy for your records
- Close the session by pressing **Close**
- Your Benefit Enrollment is now in your Requests/ Pending Approvals and will be reviewed and processed by your HR Department and AO Benefits Department

Contact Information

If you have benefit questions:

1. Call the plan provider (Express Scripts, EAP, PetPartners)
2. Call Quantum Health for medical, prescription, EAP or well-being questions: 1-855-497-1237 (Monday-Friday; 8:30 a.m. to 10 p.m. ET).

If you need a new ID Card, please contact Quantum Health directly. Please see the full listing below.

Quantum Health

Medical, prescription, EAP or well-being questions and ID cards: 1-855-497-1237

www.myqhealthpcusa.org

(Monday-Friday; 8:30 a.m. to 10 p.m. ET)

Call to Health

WebMD Customer Service: 1-888-935-5228 or webmdhealth.com/ContactUs

Registration for Call to Health can be done when medical and prescription coverage is effective:

www.calltohealth.org

Wellness At Your Side app (Once registered, download from the Apple or Google app store and enter code boardofpensions)

Spring Health Employee Assistance Plan (EAP)

For Immediate Crisis Support: 1-844-931-4465 and select option 2 for crisis support.

If you're enrolled in the PPO, EPO, or HDHP medical plan with PSL, visit

care.springhealth.com/sign_in to create and

activate your Spring Health account by clicking the "Create Account" button. Or call Spring Health at 844-931-4465. Team member medical ID cards include the Spring Health phone number and website.

If you do not have medical coverage with PSL you are still eligible for PSL's EAP. To create a Spring Health account and use the EAP benefit call Spring Health at 844-931-4465 and use the code "BOP".

Employee Assistance Plan

The Employee Assistance Plan (EAP), provided by Spring Health in partnership with Highmark Blue Cross Blue Shield, is a benefit for all employees.

The EAP provides easy access to high-quality mental health care and support for all of life's challenges, from personal crises to health issues to work-related problems.

EAP services include the following:

- **Personalized care:** Take a quick digital self-assessment and get a personalized care plan matched to your needs.
- **Up to six therapy sessions** (in-person or virtual) per year with a Spring Health provider, at no cost to you:
 - Appointments are typically available within three days or less, plus you have a diverse provider network to choose from.
- **Mental health care navigators:** Licensed care navigators are available to recommend care options, help you find a provider, and provide additional support when you need it.
- **Unlimited virtual well-being coaching sessions:** Certified coaches can help you build better habits, navigate life transitions, set and achieve goals and improve communications skills.
- **Digital library:** Spring Health offers a digital library of on-demand mental wellness exercises, so you can develop long-term skills or get immediate relief anytime, anywhere.
- **Guidance for work/life needs:**
 - Referrals for child care, elder care and other household needs
 - Legal and financial assistance
 - Coaching and career guidance
 - Daily living resources like adoption, pet care, relocation services or home repair

You'll be able to create a Spring Health account and use your EAP benefits immediately. You can download the Spring Health mobile app once your account has been created. Login by using your Spring Health username and account password. **If you need to talk to someone right away**, Spring Health provides 24/7 crisis support. Call 844-931-4465 and choose option two to speak to a licensed professional without the need to register or log in to your account.

How to Enroll in Group Pet Insurance:

Ready to protect your pet? Get started by scanning the QR code.

1. Log into the **Group Pet Portal** using your PSL email address.
2. Click the **Enroll** button.
3. Enter your pet's **Name, Age, Breed, and Weight**. *No medical info is required at enrollment.*
4. **Select the best plan** for you and your pet. *Tip: Insuring more than one pet? Click the "+ add pet" button to enroll additional pets.*
5. Review your enrollment Summary and click **Submit**. *You will receive email confirmation that your enrollment is complete.*

Eligibility and Enrollment Information:

Enrollment in the pet insurance is completed on the PetPartners portal not in 'My HR'. You become eligible to enroll in PetPartners pet insurance after 1st of the month following 30 days of employment with PSL. Once eligibility window has been met, you can then create an account online using your PSL email address and enroll your pet(s). You have up to 30 days from eligibility date to complete enrollment. Coverage will start first of the month following enrollment.

New Hire Example: Hire Date 2/20, waiting period 1st of the month following 30 days = 4/1 (eligibility period). Have 30 days from 4/1 to enroll. Benefit start date is based on 1st of the month following enrollment date. Enroll 4/15 = Benefit start date 5/1.

New Pet Example: For new pet qualifying life events, the coverage will begin 1st of the month following the date of request. Request will be made through PetPartners portal.

What's Covered?

- Common Illnesses
- Broken Bones
- Surgery
- Diagnostics
- Toxin Ingestion
- Behavioral Issues
- Alternative Treatments
- Digestive Issues
- Cancer
- Prescription Medication
- Wellness
- Hospitalization

This benefit is offered through PetPartners and is fully funded by the employee through voluntary payroll deductions on a post-tax basis for 24 pays in the payroll calendar.

Plan Details:

Annual Deductible \$500	Minimum Age to Enroll 8 weeks
Reimbursement 80%	Maximum Age to Enroll 13 years
Annual Maximum \$5,000	No Minimum or Maximum of Pets (Cats / Dogs) Enrolled

With this group plan, pre-existing conditions can be covered after a year of continuous coverage. If your pet had comparable pet insurance effective immediately before enrolling with PetPartners, you may be eligible to get prior coverage credit toward the pre-existing and other waiting periods. In order to receive the prior coverage credit, simply provide PetPartners with your prior policy documents which shows no gap in coverage.

Here's How it Works:

Pet insurance reimburses you for the cost of accidents and illnesses throughout your cat's or dog's life. No insurance cards are required. When you visit any licensed vet or clinic, pay your vet at the time of service and request an itemized invoice. You'll then submit a claim by uploading a digital copy of your invoice into the online Pet Portal for reimbursement. The average reimbursement time is 2-5 business days. You will have the option to be reimbursed by check or via direct deposit. To ensure that the claim is processed timely, best practice is to have the invoice notate the employee's name on the invoice, as well as, the pet insured. This will avoid any issues with claim reimbursement or delay of payment. Spouses or family members are not within the pet portal which may result in a delay of claim reimbursement. Contact our Customer Care team at 800-956-2495 or mypolicy@petpartners.com.

Perks in the Pet Portal:

- Log in to easily manage your pet's policy.
- Get answers to your pet questions anytime, anywhere with 24/7 Vet Helpline.
- View your coverage documents.
- Get the best deals on pet medications at PetGeniousRx
- Submit and track claims

Call to Health/Key Definitions

Health and Wholeness: Call to Health

[Call to Health](#) is a well-being initiative for employees enrolled in PSL medical coverage. Enrolled spouses may also participate.

Participants use the Call to Health website or app to complete these three steps, in any order, by the program deadline:

- Take the online Well-Being Assessment.
- Record their preventive exam.
- Earn 500 Call to Health points by completing activities in any of the four dimensions of wholeness: spiritual, health, financial, and vocational.

Employees who complete the program during the current plan year qualify for reduced medical deductibles in the following plan year. (Refer to Deductibles under About the PPO, EPO, and HDHP, later in this section.) First-time participants and spouses can earn gift cards. More detailed information is available on www.psl.org/benefits.

Also, prize drawings are held periodically throughout the year. To be eligible for the drawings, participants need to complete specified Call to Health activities within a certain time period. For every drawing, five winners will each receive a health and wellness prize package with a retail value of up to \$500.

Important! Call to Health is an annual program. Employees must complete the program each year to qualify for reduced Call to Health deductibles for the following plan year. (Refer to Deductibles under About the PPO, EPO, and HDHP, later in this section.)

A Successful Partnership

PSL continues to partner with [The Board of Pensions of the Presbyterian Church \(U.S.A.\)](#) (BOP) to offer medical and prescription drug coverage, Call to Health, and Employee Assistance Plan services to PSL employees. (Even though part of the name is pensions, there is no connection to our current retirement program.)

A non-profit agency of the PC(USA), the BOP provides benefits to employees of churches and affiliated organizations — educational institutions, camps and conference centers, retirement and senior housing communities, and human services organizations. The BOP serves more than 60,000 members with professional expertise and care.

Working with the BOP provides PSL the opportunity to be part of a group with significantly more buying power, which helps to contain costs.

We are confident that this ongoing partnership will enable PSL to continue to ensure that employees have access to competitive, affordable benefits with access to a network of providers across all PSL communities.

Key Definitions

To assist you in understanding the medical options; these are some key definitions.

- **Deductible** – specified annual dollar amount that you must pay for covered services before the plan begins to pay benefits.
 - Under the PPO, deductibles are based on a percentage of your salary, as shown in the PPO Deductibles chart.
 - Under the EPO and HDHP, deductibles are flat dollar amounts, as listed in the Key Provisions: PPO, EPO and HDHP chart.
- **Copay** – specific, up-front dollar amount that you must pay for certain services, such as doctors office visits, when using network providers.
- **Coinsurance** – the percentage of the plan allowance for covered services that is your responsibility after you've met the deductible, up to a defined maximum.

Medical Benefit

- **Medical Coinsurance Out-of-Pocket Maximum (PPO only)** – the most you will pay in the form of coinsurance for covered medical services in a year. The medical coinsurance out-of-pocket maximum is based on a percentage of your salary, as shown in the PPO Medical Coinsurance Out-of-Pocket Maximums chart. Only one out-of-pocket maximum applies per family. There is a separate out-of-pocket maximum of \$3,000 per year for prescription drugs.
- **PPO** – preferred provider organization
- **EPO** – exclusive provider organization
- **HDHP** – high deductible health plan
- **Total Maximum Out of Pocket Limit (TMOOP)** – the most you will pay in a year in the form of network deductibles, copays, and coinsurance. If your covered out-of-pocket expenses reach the total maximum out-of-pocket amount, the plan will pay 100% of allowable costs for the rest of the year.

THE BOARD OF PENSIONS
OF THE PRESBYTERIAN CHURCH (U.S.A.)

Medical Coverage

There are three medical coverage options available with Highmark Blue Cross Blue Shield (BCBS):

- Preferred Provider Organization (PPO)
- Exclusive Provider Organization (EPO)
- High Deductible Health Plan (HDHP)

All options provide coverage for the following:

- preventive, routine, and catastrophic medical care
- behavioral health and substance use disorders
- prescription drugs (administered by Express Scripts by Evernorth)

The following pages describe the three options and how they work. The Key Provisions: PPO, EPO and HDHP chart shows what you pay under each option for certain services.

You may elect to waive medical coverage if you have coverage through another source, such as a spouse's plan.

About the Medical Network

All medical options provide access to the national Blue Cross Blue Shield (BCBS) network, one of the largest in the United States with 2 million+ providers nationwide and network care in every U.S. zip code. However, only the PPO provides out-of-network benefits. The EPO and HDHP do not cover care received from out-of-network providers except for emergency services.

All covered participants are encouraged to use network providers. The contracted rates established with network providers result in savings to both you and the plan, and you can receive services from any network provider without coordinating your care through a primary care physician. Network doctors, hospitals, and other medical providers can be located by using the Provider Search tool on www.myqhealthpcusa.org, or by calling Quantum Health at 1-855-497-1237.

Care Navigation

Care navigation, offered by the Board of Pensions in partnership with Quantum Health, brings added value to your PSL medical coverage by helping you and your covered family members navigate today's complicated healthcare system.

Quantum Health's Care Coordinators can assist with anything to help make the healthcare experience easier, from answering questions about medical claims or bills and finding network providers to helping you manage a health condition and serving as your advocate within the healthcare system.

PPO – Option 1

About the PPO

The Preferred Provider Organization (PPO) offers members the freedom to seek care from any eligible licensed provider; however, the member's out-of-pocket costs are typically lower when using network providers.

Copays

Except for preventive care, members are responsible for a fixed copay for each network office visit (in-person or virtual): \$25 for primary and behavioral healthcare visits, \$45 for visits to a specialist or when seeking care at an urgent care center, and \$10 when using the 24/7 telemedicine benefit through [Teladoc Health](#). Copays do not count toward the plan deductible or medical coinsurance out-of-pocket maximum.

Deductibles

For other types of care, such as inpatient hospital stays, surgery, diagnostic tests, and emergency room visits, members must first satisfy an annual deductible before the plan pays a portion of covered expenses. The deductible amount is based on the employee's salary, as shown in the PPO Deductibles chart below. Members with covered spouses and/or children are responsible for two medical deductibles, one for themselves and one for all other family members combined.

Employees can reduce their deductible amounts by participating in Call to Health, a well-being initiative that focuses on the four dimensions of wholeness: spiritual, health, financial, and vocational. Employees must complete Call to Health during each plan year to maintain reduced Call to Health deductibles for the following plan year (refer to Health and Wholeness: Call to Health in the beginning of this section).

PPO Deductibles			
Salary Range	Network Deductible ¹		Out-of-Network Deductible ¹
	Without Call to Health	Call to Health	
Up to \$48,759	\$660	\$440	\$1,100
\$48,760-\$53,514	\$735	\$490	\$1,220
\$53,515-\$58,269	\$805	\$540	\$1,340
\$58,270-\$63,024	\$875	\$585	\$1,460
\$63,025-\$67,779	\$950	\$635	\$1,580
\$67,780-\$72,534	\$1,020	\$680	\$1,695
\$72,535-\$77,289	\$1,090	\$730	\$1,815
\$77,290-\$82,044	\$1,160	\$775	\$1,935
\$82,045-\$86,799	\$1,235	\$825	\$2,055
\$86,800 or more	\$1,305	\$870	\$2,170

¹ Members with covered spouses and/or children are responsible for two medical deductibles, one for themselves and one for all other family members combined. Deductibles do not count toward the medical coinsurance out-of-pocket maximum. (See PPO Medical Coinsurance Out-of-Pocket Maximums chart in the next section.)

Note: If your salary changes during the year and you enter a new salary range, your deductible will be adjusted to reflect the new salary range as of the date the BOP is notified of the change in salary, and you will receive a new ID card.

PPO – Option 1

Coinsurance

After reaching the deductible amount, members are still responsible for paying a defined percentage of the cost for certain services — called coinsurance — up to a maximum annual amount. For network services, the coinsurance is 20% of the allowable charges; for out-of-network care, it is 40% (50% with no deductible for doctors office visits).

The medical coinsurance out-of-pocket maximum is based on the employee's salary. Unlike deductibles, only one medical coinsurance out-of-pocket maximum applies per family (see PPO Medical Coinsurance Out-of-Pocket Maximums chart below). After a member's out-of-pocket costs (not including office visit copays and deductibles) reach the medical coinsurance out-of-pocket maximum, the plan pays 100% of all additional eligible expenses incurred by the member for the remainder of the year. However, the member is still responsible for office visit copays until they reach the total maximum out-of-pocket amount.

PPO Medical Coinsurance Out-of-Pocket Maximums ¹ (does not include office visit copays, deductibles, or prescription drug costs)		
Salary Range	Network	Out-of-Network
Up to \$48,759	\$2,200	\$6,600
\$48,760-\$53,514	\$2,440	\$7,320
\$53,515-\$58,269	\$2,680	\$8,040
\$58,270-\$63,024	\$2,915	\$8,745
\$63,025-\$67,779	\$3,155	\$9,465
\$67,780-\$72,534	\$3,390	\$10,170
\$72,535-\$77,289	\$3,630	\$10,890
\$77,290-\$82,044	\$3,865	\$11,595
\$82,045-\$86,799	\$4,105	\$12,315
\$86,800 or more	\$4,340	\$13,020

¹ After the member reaches the medical coinsurance out-of-pocket maximum, the Medical Plan pays 100 percent of eligible expenses (up to the plan allowance) for the rest of the year, except for any required copays (e.g., a \$25 copay applies for primary care doctor's office visits). Total out-of-pocket expenses for covered network services, including deductibles and coinsurance, copays, and prescription drug costs (except for non-formulary brand-names and certain non-essential specialty pharmacy drugs) are capped at annual limits of \$5,000 (member) and \$10,000 (family).

Note: If your salary changes during the year and you enter a new salary range, your medical out-of-pocket maximum will be adjusted to reflect the new salary range as of the date the BOP is notified of the change in salary, and you will receive a new ID card.

EPO – Option 2

About the EPO

The Exclusive Provider Organization (EPO) provides access to the same national network of physicians, hospitals, and other healthcare providers as the PPO. However, unlike the PPO, members must use network providers; the EPO does not cover care received from out-of-network providers except for emergency services.

Copays

Except for preventive care, members pay a fixed copay for most outpatient services (in-person or virtual): \$40 for primary and behavioral healthcare visits, \$60 for specialists or when seeking care at an urgent care center, and \$10 when using the 24/7 telemedicine benefit through [Teladoc Health](#). Copays do not count toward the plan deductible, but do count toward the total maximum out-of-pocket (see EPO Total Maximum Out-of-Pocket Amounts chart below). There are different copay requirements for certain other covered services, such as X-rays and laboratory tests, as shown on the Key Provisions: PPO, EPO and HDHP chart.

Deductibles

For in- and outpatient hospital services, emergency room visits, and certain other services, the member must satisfy an annual deductible before the plan begins to pay benefits. The deductible is a flat amount based on the coverage level elected, as shown in the EPO Deductibles chart. Members with covered spouses and/or children are responsible for two medical deductibles, one for themselves and one for all other family members combined.

Employees can reduce their deductible amounts by participating in Call to Health, a well-being initiative that focuses on the four dimensions of wholeness: spiritual, health, financial, and vocational. Employees must complete Call to Health during each plan year to maintain reduced Call to Health deductibles for the following plan year (see Health and Wholeness: Call to Health earlier in this section).

EPO Deductibles	
Network Benefit	
Deductible (without Call to Health)	\$2,000/member; \$2,000/all other family members ¹
Deductible (Call to Health)	\$1,500/member; \$1,500/all other family members ¹

¹ Members with covered spouses and/or children are responsible for two medical deductibles, one for themselves and one for all other family members combined.

Coinsurance

After reaching the deductible amount, members are still responsible for paying coinsurance — 20% of the allowable charges — up to a maximum annual amount for essential health benefits. The maximum annual amounts, or out-of-pocket limits, are shown below. These amounts include network deductibles and office visit copays, as well as coinsurance and prescription drug copays:

EPO Total Maximum Out-of-Pocket Amounts	
\$5,000 per member ¹	\$10,000 per family ¹

¹ Includes network deductible, office visit copays, coinsurance and prescription drug copays except for certain non-essential specialty pharmacy drugs.

HDHP – Option 3

About the HDHP

The High Deductible Health Plan (HDHP) provides access to the same national provider network as the PPO and EPO and, like the EPO, the HDHP does not cover care received from out-of-network providers except in emergencies.

The HDHP has a higher deductible than both the PPO and the EPO. If you enroll in the HDHP, you may be eligible to set up and contribute to a tax-advantaged health savings account (HSA) and use those funds to help pay your deductible and other eligible healthcare expenses.

Copays

There are no copays for medical care and treatment. Except for preventive care and designated preventive drugs, all covered medical and prescription drug expenses are subject to the annual deductible.

There are separate copay requirements for the vision exam benefit (see the Key Provisions: PPO, EPO and HDHP chart) and preventive prescription drugs (see Prescription Benefit).

Deductibles

Like the EPO, the HDHP deductible is a flat dollar amount based on the coverage level elected, as shown in the HDHP Deductibles chart; however, the HDHP deductible amounts are higher. And, if you enroll any family members, you are responsible for paying the entire family deductible before the plan pays benefits for care for you or your family that is not preventive. There is no individual deductible amount that applies when one or more eligible family members are enrolled in the HDHP.

Except for preventive care, if you are enrolled in the HDHP, you pay out of pocket for all covered healthcare services — including network office visits, telemedicine consultations through Teladoc Health and visits to an urgent care center — until your expenses reach the deductible amount. The HDHP deductible also applies for covered prescription drugs unless the drug is designated as preventive (see Prescription Benefit).

Employees can reduce their deductible amounts by participating in Call to Health, a well-being initiative that focuses on the four dimensions of wholeness: spiritual, health, financial and vocational. Employees must complete Call to Health during each plan year to maintain reduced Call to Health deductibles for the following plan year (refer to Health and Wholeness: Call to Health in the beginning of this section).

HDHP Deductibles	
Network Benefit	
Deductible (without Call to Health)	\$3,000; member only/\$6,000 member and family ¹
Deductible (Call to Health)	\$2,250; member only/\$4,500 member and family ¹

¹ Members with covered spouses and/or children are responsible for the entire family deductible amount.

Coinsurance

After reaching the deductible amount, members are still responsible for paying coinsurance — 20% of the allowable charges — up to a maximum annual amount for essential health benefits. The maximum annual amounts, or out-of-pocket limits, are shown below. These amounts include network deductibles and coinsurance as well as prescription drug copays:

HDHP Total Maximum Out-of-Pocket Amounts	
\$5,000 per member ¹	\$10,000 per family ¹

¹ Includes network deductible, coinsurance, and prescription drug copays.

HDHP – Option 3

Health Savings Account

A health savings account (HSA) is an employee-owned account that can be used to pay for qualified healthcare expenses, including the HDHP deductible, coinsurance and more. HSAs are considered tax-advantaged because, under Internal Revenue Service (IRS) rules, you don't pay taxes on your contributions, any investment growth is tax-free and so are withdrawals for qualified expenses, which are healthcare expenses that can be claimed as a tax deduction.

HSA Contributions

If you enroll in the HDHP you may be eligible to set up and contribute to an HSA up to annual limits set by the IRS. To contribute to an HSA, you cannot be covered by any other medical plan that is not an HSA-compatible health plan, including a spouse's medical plan.

The annual contribution limits for 2027 are \$4,500 if you enroll for employee-only coverage and \$9,000 if covering any family members. If you will be age 55 or older during the year, you may make additional catch-up contributions of up to \$1,000.

In addition to any HSA contributions you elect, PSL will be contributing \$600 for member only and \$1,200 for family to the HSA annually, which will be provided incrementally over the course of the year. Both your contributions and PSL's contributions count toward the annual IRS limit.

How It Works

1. You decide how much to contribute to your HSA for the upcoming year, subject to IRS limits (this is called your election).
2. PSL deducts your election from your pay on a pretax basis and directs it into your HSA. HSA contributions become available for use as they are deposited in your account.
3. When you have a qualified healthcare expense during the year, you decide whether to:
 - pay it with available HSA funds using the healthcare debit card issued by HealthEquity, the HSA administrator, or by submitting the expense for reimbursement (withdrawals to pay for qualified expenses are tax free), or
 - pay it out of pocket and allow your HSA balance to grow.
4. The HSA earns interest tax-free; you also may invest your account when the balance reaches \$1,000.
5. Unused HSA funds roll over from one year to the next with no limits.
6. You own your HSA, so it goes with you if you change medical plans, start a new job or retire.

Qualified Expenses

You may use funds from the HSA to pay for qualified expenses, which are medical, dental and vision expenses that can be claimed as a tax deduction. Examples include, but are not limited to, deductible and coinsurance amounts, dental or orthodontia treatment not covered or reimbursed by any healthcare plan, and prescription drugs. Eligible healthcare expenses are outlined on the HealthEquity Board of Pensions Education Center at learn.healthequity.com/bop or in IRS Publication 502 at www.irs.gov. These expenses can be for yourself or for any family member that you can claim as a dependent for tax purposes. The family member does not need to be enrolled in medical coverage.

How the Medical Options Compare

Choosing which option is best for you and your family is an individual decision based on your circumstances and needs. While all three medical options provide access to the same provider network and cover mostly the same services, there are differences in how much members pay in the form of deductibles, copays, and coinsurance under each option. Please see the side by side comparison chart below:

Key Provisions: PPO, EPO and HDHP				
Network Benefit	PPO		EPO	HDHP
	Lowest Salary Band	Highest Salary Band		
Deductible (without Call to Health)	\$660/member ¹ + \$660/all other family members ^{1,2}	\$1,305/member ¹ + \$1,305/all other family members ^{1,2}	\$2,000/member + \$2,000/all other family members ²	\$3,000/member only or \$6,000 member + family ³
Deductible (Call to Health) ³	\$440/member ¹ + \$440/all other family members ^{1,2}	\$870/member ¹ + \$870/all other family members ^{1,2}	\$1,500/member \$1,500/all other family members ²	\$2,250/member \$4,500 member + family ³
Spending account compatibility	N/A		N/A	Health savings account (HSA)
Medical coverage after deductible (coinsurance)	Member pays 20%		Member pays 20%	Member pays 20%
Preventive care ⁴	Covered 100%		Covered 100%	Covered 100%
24/7 Telemedicine (Teladoc Health)	\$10 copay		\$10 copay	Member pays 100% up to deductible amount; after deductible, member pays 20%
Primary and behavioral office visit	\$25 copay		\$40 copay	
Retail clinic visit	\$25 copay		\$40 copay	
Specialist office visit	\$45 copay		\$60 copay	
Urgent care visit	\$45 copay		\$60 copay	
Basic diagnostic services (imaging, lab, X-rays, etc.)	Member pays 20% after deductible		\$65 copay	
Advanced imaging (MRI, CT, PET, etc.)	Member pays 20% after deductible		\$200 copay	
Physical, speech, and occupational therapy	Member pays 20% after deductible		\$40 copay	
Spinal manipulations	Members pays 20% after deductible		\$40 copay	
Hearing aid (device, fitting and repair) plan maximum of \$2,500 every 3 yrs	Member pays 20% after deductible		Member pays 20% after deductible	
Hospital inpatient and outpatient	Member pays 20% after deductible		Member pays 20% after deductible	
Emergency room	Member pays 20% after deductible		Member pays 20% after deductible	
Infertility treatment (3 attempts/life maximum)	Member pays 20% after deductible		Member pays 20% after deductible	
ABA therapy	Member pays 20% after deductible		Member pays 20% after deductible	
Facility charges for select surgeries	Member pays 0% after deductible for allowable facility charges when these select surgeries are performed in a BCBS Blue Distinction Center: bariatric surgery, knee replacement surgery, hip replacement surgery, spinal surgery, and transplants. Travel benefit also available depending upon distance.			
Out-of-network benefit	PPO		EPO	HDHP
Deductible	\$1,100/member ¹ \$1,100/all other family members ^{1,2}	\$2,170/member ¹ \$2,170/all other family members ^{1,2}	N/A	N/A
Coverage after deductible	Member pays 40%; 50% (no deductible) for doctors' office visits			
Medical coinsurance out-of-pocket maximum (member and family combined)	\$6,600	\$13,020		

¹ See full deductible and medical coinsurance out-of-pocket maximum charts for PPO deductibles and coinsurance maximums at all effective salary levels.

² Members with covered spouses and/or children are responsible for two medical deductibles, one for themselves and one for all family members combined.

³ Members with covered spouses and/or children are responsible for the entire family deductible amount.

⁴ Coverage for preventive services exceeds ACA definition.

⁵ See PPO Medical Coinsurance Out-of-Pocket Maximums for specific amounts at all effective salary levels. The medical coinsurance out-of-pocket maximum is the most a member will pay in a year in the form of coinsurance. It does not include copays, deductibles, or prescription drug costs.

Medical Benefit

Using Your Medical Benefits

Get Advance Approval When Required

You must pre-certify non-urgent hospital admissions with Quantum Health (for medical or surgical admissions) or Highmark Blue Cross Blue Shield (for mental health or substance use disorder admissions). The pre-certification process is typically completed within two business days after all information needed from your provider is received. You can check the status of a pre-certification request by logging on to www.myqhealthpcusa.org. If you do not pre-certify services when necessary, benefits may be denied.

You also must pre-certify certain tests and procedures; if you do not pre-certify the specified tests and procedures, you may be responsible for their cost. Services that require pre-certification are listed on the back of your medical ID card, along with the phone numbers to call.

Emergency and Urgent Care Services

If you need emergency care, call 911 and seek care from the nearest provider or hospital emergency room (ER), regardless of network participation. ERs are the most prepared and best equipped facilities to handle serious, potentially life-threatening medical needs.

You must notify [Quantum Health](http://www.myqhealthpcusa.org) within 48 hours of an inpatient emergency admission to have the admission certified and maximize your benefits. Notification is not required for an ER visit without admission.

Alternatives to the ER

If you are not sure whether you really need emergency care when your symptoms are not life-threatening, consider these alternatives (applicable copays, deductibles, and/or coinsurance apply):

- Contact your primary care physician. Your primary care physician is generally best suited to treat non-life-threatening conditions and manage your care over time.
- Use the 24/7 telemedicine option, provided by Teladoc Health. This care option can be especially helpful when common, acute issues, such as ear infections, sinusitis, or the flu, develop in the middle of the night or while traveling. See Teladoc Health below for more details.
- Go to an urgent care center. A freestanding healthcare clinic, an urgent care center generally is staffed by physicians who can treat serious but non-life-threatening accidents and injuries, such as burns, cuts, and sprains, or common illnesses like the flu, allergic reactions, and infections. No appointment is generally necessary.
- Visit a retail medical clinic (typically in a pharmacy). Use a pharmacy medical clinic — generally staffed by certified registered nurse practitioners — for more minor ailments in after-hours situations.

Teladoc Health

Teladoc Health provides 24/7 access to U.S. board-certified doctors through the convenience of phone, video, or mobile app visits for less than the cost of a regular doctor's office visit, making it a convenient, affordable option when a trip to the doctor's office isn't practical.

Within minutes, members can speak with a doctor who can treat many acute medical conditions, including cold and flu symptoms, allergies, pink eye, sinus problems, and earaches, as well as prescribe medication when appropriate. To preregister and use the benefit, go to www.teladoc.com/enter or call 1-800-835-2362.

Carry Your Medical ID Card

If you newly elect medical coverage or change your medical option for 2027, you will receive a new medical ID card from Highmark showing you have medical coverage through PSL. Any current medical plan members who do not make a change during Open Enrollment will receive a new ID card for 2027. Carry your ID card so that you have it available for emergency and routine use. You may request additional or replacement cards at any time by contacting [Quantum Health](http://www.myqhealthpcusa.org) or logging on to www.myqhealthpcusa.org. Be sure to destroy the old cards if you receive new ID cards.

Prescription Benefit

Prescription Drug Benefits

[Express Scripts](#) by Evernorth, the Medical Plan's pharmacy benefits manager, administers the plan's prescription drug program. Through this program, plan members can obtain the medications they require to treat an illness or ongoing condition. Express Scripts offers a network of participating providers (including a home delivery pharmacy), and maintains a formulary of preferred prescription medications.

Digital Prescription Drug ID Cards

If you enroll in PSL medical coverage, your coverage automatically includes prescription drug benefits for you and your enrolled family members. If you newly elect medical coverage for 2027, you will receive a welcome email from Express Scripts with instructions to create an account on the Express Scripts website or Express Scripts mobile app and gain instant access to your digital prescription drug ID card. You can then download your card to your digital wallet or print one from the Express Scripts website.

Key Definitions

To assist you in understanding the prescription drug benefits; these are some key definitions.

- **Prescription Drug Formulary** – the list of preferred generic and brand name medications used by the prescription drug program.
- **Preventive Drug List** – the plan's list of select prescription drugs that are highly effective in preventing or managing chronic conditions, such as diabetes, asthma, high blood pressure, and depression.
- **Non-formulary Drug** — a drug, typically a brand name, which is not on the plan's prescription drug formulary. The EPO and HDHP do not cover non-formulary drugs.

Brand vs. Generic Drugs

The brand name of a drug, protected by a limited-time patent, is the product name under which it is advertised and sold. Once the patent has expired, a generic equivalent may be manufactured and sold under its chemical name. Chemically equivalent generics are required to have the same active ingredients as their brand-name counterparts and are subject to the same U.S. Food and Drug Administration (FDA) standards for quality, safety, purity, and effectiveness.

Before your doctor writes a prescription for a brand-name drug, ask if a generic is available and right for you. By using a generic, you'll pay less — sometimes a lot less — and by using Express Scripts home delivery service you save even more. The Prescription Drug Cost Comparison chart shows your costs for covered generic, formulary, and non-formulary drugs.

When a generic equivalent is available, the prescription drug program covers only the cost of the generic drug. If a plan member purchases a brand-name drug when a generic is available, they will be responsible for any additional charge, plus the applicable coinsurance. The additional cost does not count toward the prescription out-of-pocket maximum (PPO only) or total maximum out-of-pocket.

Prescription Benefit

Preventive Drugs

Certain prescription drugs related to specific conditions are designated as preventive. Plan participants pay reduced copays for these designated preventive drugs. See the Prescription Drug Cost Comparison chart below for the copay amounts that apply. **The preventive drug list is available by [clicking here](#).**

Prescription Drug Cost Comparison				
Preventive Drugs	PPO		EPO	HDHP
	Lowest salary band	Highest salary band		
Preventive prescription drugs generic retail (30/90)/mail (90)	\$5/\$15/\$12.50		\$6/\$18/\$15	\$6/\$18/\$15 Not subject to HDHP deductible
Preventive prescription drugs formulary brand retail (30/90)/mail (90)	\$20/\$60/\$50		\$30/\$90/\$75	\$30/\$90/\$75 Not subject to HDHP deductible
Generic retail (30/90)/mail (90)	\$10/\$30/\$25		\$12/\$36/\$30	Member pays 100% up to deductible amount; after deductible, member pays 30% subject to \$150 (30-day), \$450 (90-day) or \$375 (90-day mail) max
Formulary brand retail (30/90)	30% of cost; 30 days: \$20 min to \$100 max 90 days; \$60 min to \$300 max		35% of cost; 30 days; \$35 min to \$150 max 90 days: \$105 min to \$450 max	
Formulary brand mail (90)	30% of cost; \$50 min to \$250 max		35% of cost; \$85 min to \$375 max	
Non-formulary brand retail (30/90)	50% of cost; 30 days; \$50 min to \$150 max 90 days: \$150 min to \$450 max		Not covered	Not covered
Non-formulary brand mail (90)	50% of cost; \$125 min to \$375 max		Not covered	Not covered
Specialty Drugs	Same as above for formulary and non-formulary brands; no max applies for certain non-essential specialty pharmacy drugs		Same as above for formulary brands; no max applies for certain non-essential specialty pharmacy drugs	Same as above for formulary brands
ANNUAL MAXIMUMS				
Medical Coinsurance Out-of-Pocket Maximum	\$2,200/family ¹	\$4,340/family ¹	Part of total maximum out-of-pocket	Part of total maximum out-of-pocket
Prescription Out-of-Pocket Maximum	\$3,000/family ⁵ (member and family combined)		Part of total maximum out-of-pocket	Part of total maximum out-of-pocket
Total Maximum Out-of-Pocket	\$5,000/member ⁶ \$10,000/family ⁶		\$5,000/member ⁶ \$10,000/family ⁶	\$5,000/member ⁶ \$10,000/family ⁶
VISION EXAM BENEFITS	PPO		EPO	HDHP
Vision Exam	\$25 copay at VSP provider		\$25 copay at VSP provider	\$25 copay at VSP provider ⁷

¹ See PPO Deductibles and Medical Coinsurance Out-of-Pocket Maximums for specific amounts at all effective salary levels. The medical coinsurance out-of-pocket maximum is the most a member will pay in a year in the form of coinsurance. It does not include copays, deductibles, or prescription drug costs.

² Members with covered spouses and/or children are responsible for two medical deductibles, one for themselves and one for all other family members combined.

³ Members with covered spouses and/or children are responsible for the entire family deductible amount.

⁴ Coverage for preventive services exceeds ACA definition.

⁵ Any costs for non-formulary brand-name drugs do not count toward the prescription coinsurance out-of-pocket maximum.

⁶ The total maximum out-of-pocket includes network deductibles and coinsurance; medical coinsurance out-of-pocket maximum (PPO only); prescription drug out-of-pocket maximum (PPO only); copays (PPO and EPO); and prescription drug copays [certain non-essential specialty pharmacy drugs (PPO and EPO) and non-formulary brand drugs excluded].

⁷ Individuals enrolled in the HDHP will be automatically enrolled in the VSP vision exam benefit. The vision exam benefit is not considered part of the HDHP.

Prescription Benefit

How to Fill Prescriptions

You can access your prescription drug benefits in one of two ways: Fill your prescription at your local participating pharmacy, using your Express Scripts ID card, or through mail order, using Express Scripts Pharmacy home delivery for the greatest possible savings.

At Your Local Participating Pharmacy

Use your local participating pharmacy to fill short-term prescriptions. Use your Express Scripts ID card with a pharmacy that participates in the Express Scripts network to pay at reduced rates. If you fill a prescription at an out-of-network pharmacy, you must pay the entire cost for the medication and then submit a claim form to Express Scripts for reimbursement.

Your reimbursement will be based on the contracted rate for out-of-network prescriptions minus the applicable copay. You can file claims online or by mail. Claim forms and instructions are available at www.express-scripts.com, or call Express Scripts at 1-800-344-3896. You may also call Quantum Health at 1-855-497-1237 for assistance.

Through Mail Order

To save money and to have your medications delivered to your home, use Express Scripts Pharmacy home delivery service to fill prescriptions for your maintenance medications — those you take on a regular basis (for example, medications to treat high blood pressure, high cholesterol, or thyroid conditions). If you choose to fill prescriptions for maintenance medications at your local pharmacy, typically you — and the plan — will pay more.

To order a 90-day supply of your medication through Express Scripts Pharmacy home delivery service, do any of the following:

- Have your doctor e-prescribe the prescription to Express Scripts.
- Ask your doctor to fax the prescription to Express Scripts.
- Complete a prescription order form, available at www.express-scripts.com, and mail the form, plus the written prescription completed by your doctor, to the address provided on the form. You may also call Quantum Health at 1-855-497-1237 for assistance.

Standard shipping is free. Express shipping is available for an additional fee. You can also set up auto refill and auto renewal of your prescriptions.

Special Programs

Some drugs your doctor may prescribe are subject to step therapy, prior authorization, or specialty medication programs — additional ways the prescription drug program seeks to slow rising costs while providing you with safe and effective medications.

Step Therapy

Step therapy is a program that can make prescription drugs more affordable for most plan members and their families.

In step therapy, the covered prescription drugs are classified in steps, beginning with proven, cost-effective drugs, usually generics. These drugs have been approved by the FDA and have a history of successfully treating many medical conditions. More expensive drugs are then used only in the few situations where the generics fail to deliver the desired outcomes. Some conditions treated by medications that may be subject to step therapy follow:

- attention deficit disorder
- depression
- diabetes
- pain and inflammation
- skin inflammation
- stomach acid reflux

Prescription Benefit

Prior Authorization

When prior authorization is required, it means that more clinical information is needed about a patient's particular medical condition before Express Scripts can confirm the medical necessity for the prescribed drug. A doctor or nurse can provide that information and request a prior authorization.

The goal is to ensure patients receive appropriate medications for their diagnoses.

Quantity Limits

Certain drugs have quantity limits to encourage appropriate drug usage, enhance drug therapy, and reduce costs. The quantity limit is the maximum quantity that can be dispensed over a given period of time.

Specialty Medications

Specialty medications, typically used to treat complex conditions such as cancer, hepatitis, and multiple sclerosis, are limited to a 30-day supply due to the high cost, special storage needs, limited shelf life, and frequent dosage changes. You must purchase specialty drugs through Express Scripts specialty pharmacy, Accredo, to receive coverage under your prescription drug benefits; specialty medications are not available through Express Scripts home delivery service or your local retail pharmacy. Specialty medications are subject to the same coinsurance minimums and maximums as other prescriptions. Contact Express Scripts for more information.

Note: Prescription drugs administered during a hospital stay are considered medical expenses. Prescription drugs purchased at a hospital pharmacy for use at home are considered prescription drug expenses.

Medical Plan Participants prescribed a GL-P1 weight loss drug must follow these steps:

How to Enroll

If you are prescribed a GLP-1 medication for weight loss,* you must join and actively engage in the Teladoc Health Advanced Weight Management program for these medications to be covered by the plan. This program is designed to help ensure proper medication use and to help individuals build sustainable habits for long-term weight management. You may enroll in the Advanced Weight Management Program in one of three ways:

- Online: teladochealth.com/healthy. If presented with coverage options, select The Board of Pensions of the Presbyterian Church (U.S.A) Condition Management, Nutrition.
- Mobile App: the Teladoc Health mobile app from the Apple or Google app store.
- Use registration code BOPWM to enroll in Teladoc Health's weight management program.

Members who already have a Teladoc Health account for 24/7 telemedicine must enroll separately for the weight management program.

By Phone: 800-Teladoc (800-835-2362) to enroll. Please specify:

- You are enrolled in the Benefits Plan of the Presbyterian Church (U.S.A.);
- Are prescribed a GLP-1 for weight loss;
- Are calling to enroll in the required advanced weight management program

*These drugs require prior authorization by Express Scripts.

Prescription Benefit

What to Expect After You Enroll

Once you are registered, you will receive a welcome kit within 3-5 business days (the kit includes a connected scale and user guide) and you will have online access to health coaches, registered dietitians, educational materials, and more. Starting with the next fill/refill after enrollment, you must meet the requirements listed below every 30 days in order to receive coverage refills:

Weigh-in on four unique days using your connected scale.

Complete Teladoc Health engagement activities (such as keeping a food log or meeting with a coach) on four unique days.

Need Assistance?

For questions/concerns about the Advanced Weight Management program: Contact Express Scripts at 800-344-3896.

For help with enrollment, logging activities, and/or using the Teladoc Health mobile app: Contact Teladoc Health at 800-835-2362.

Drugs Not Covered

Prescriptions drugs are not covered that

- are not approved by the FDA;
- have over-the-counter equivalents;
- are on the plan's exclusion list because less expensive, clinically proven alternatives are available (see Excluded Drugs);
- are approved or prescribed for cosmetic purposes only; or
- are lost, stolen, spilled, or otherwise damaged.

If you purchase a prescription that is not covered, you will pay the full (unreduced) cost of the drug and that payment will not count toward your prescription out-of-pocket maximum (PPO only) or total maximum out-of-pocket limit. Note: The EPO and HDHP does not cover non-formulary drugs.

Excluded Drugs

Large pharmacy benefits managers such as Express Scripts negotiate with pharmaceutical companies to buy certain medications in volume at a discount, in exchange for excluding similar medications made by other drug companies. The Board of Pensions and Express Scripts are attempting to slow the spiraling rise in drug costs by excluding from coverage certain medications when less expensive, clinically proven alternatives are available on the formulary. To see which drugs are excluded, go to www.express-scripts.com. If you fill a prescription for a drug that is excluded from coverage, you'll pay the full (unreduced) cost of the drug, and that payment will not count toward your total out-of-pocket maximum. If you're enrolled in the PPO, it also will not count toward your prescription out-of-pocket maximum. You may also call Quantum Health at 1-855-497-1237 for assistance if you are unsure whether a particular drug is excluded.

Additional Assistance Programs & Resources

The following Assistance Program grants, available through The Board of Pensions of the Presbyterian Church (U.S.A.) (BOP), provide financial assistance to employees enrolled for PSL medical coverage. Eligibility varies by grant. If you have any questions, contact the BOP at 800-773-7752 or visit:

<https://www.pensions.org/your-path-to-wholeness/assistance-program/receiving-assistance>.

Adoption Assistance

\$6,500

You may receive assistance at the completion of an adoption to help with a portion of adoption-related expenses. Your adopted child must be a dependent under age 21 and can be adopted domestically or internationally.

Transition-to-College Assistance

Up to \$3,000

Any dependent up to age 26 may be eligible to receive \$2,000 for expenses, such as a computer, if entering any year of post-high school education or training: a college, university, community college, or technical or trade school (excludes post-baccalaureate education). And, if the child attends a PC(USA) college or university, you may be eligible for an additional \$1,000.

Emergency Assistance

Up to \$5,000

Emergency Assistance is a one-time grant for financial relief from a natural disaster or unexpected expense. The amounts awarded are up to \$5,000 and vary by need. An individual may be awarded emergency assistance of no more than \$15,000 in a 12-month period.

Employee Vocation Program

Up to \$25,000

This program combines debt relief with student loan debt coaching through PeopleJoy, an educational debt reduction firm. The BOP will contribute 90 percent of your minimum monthly payment (MMP) amount until either the maximum total award of \$25,000 is reached loan balance is fully forgiven, whichever comes first, if you pay your loan servicer a specified amount monthly. You are responsible for paying 10 percent of your applicable participant contribution. Additionally, you must receive student loan debt coaching from PeopleJoy.

Medical Continuation Coverage

PSL notifies BOP that the employee's medical coverage will end. The employee receives a letter and election form from the BOP within 8 days of the date the BOP receives the notification from PSL.

Employee receives letter and form.

Employee must choose to elect or waive coverage within 60 days.

Employee receives a confirmation of the election or waiver.

If BOP does not receive a response within 60 days, a letter is sent to the employee confirming that medical continuation coverage was not elected; the employee will be disenrolled from medical coverage and will not be eligible for any future medical coverage through PSL.

PSL Perks

Did you know that there are so many [non-insurance benefits](#) that you can have access to? To align with PSL Values our priority is to enrich the overall employee experience. *Enrollment to PSLs benefits may be required.
