#### Certification of Chief Executive and Chief Financial Officers

We are responsible for the financial statements and supporting information of Presbyterian Homes in the Presbytery of Huntingdon, as of December 31, 2006 and 2005, and attest that they are accurate, complete and fairly presented.

The accuracy and completeness of financial information depends on our systems, process, and most importantly our integrity. Our commitment to integrity is reflected in the code of conduct that the leadership of PHI has established as the standard for the entire organization. We believe that this commitment, our processes and internal controls produce financial information that can be trusted.

Financial statements report our financial position and results using numbers and prescribed rules. They also include a significant amount of information that is required by financial reporting standards. We believe these financial statements disclose information that is important to create a complete picture of our stewardship of financial resources.

Financial statements alone can never reflect the breadth and depth of our stewardship of this ministry. They do not report on our most significant assets, our employees and volunteers. They also do not reflect our most important stewardship role; our commitment to provide Christian understanding and compassion to those seniors entrusted to our care. We believe that we continue to successfully fulfill the financial and non-financial aspects of our mission, extending a proud tradition of ministry that has served older persons in the name of Christ for the past 81 years.

Finally, we believe in openly and honestly sharing information. Please feel free to contact either of us if you have questions on any part of this report, or if we can be of further assistance in understanding PHI's mission.

#### **Independent Auditor's Report**

The Board of Directors Presbyterian Homes in the Presbytery of Huntingdon:

We have audited the accompanying consolidated statements of financial position of Presbyterian Homes in the Presbytery of Huntingdon (an affiliate of PHI) as of December 31, 2006 and 2005, and the related consolidated statements of activities and changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Presbyterian Homes in the Presbytery of Huntingdon as of December 31, 2006 and 2005, and the changes in its net assets, and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (1) General Information

Presbyterian Homes in the Presbytery of Huntingdon (the Corporation) is a not-for-profit corporation, which provides services in Hollidaysburg, Philipsburg, Huntingdon and Orbisonia, Pennsylvania. The Corporation is also the parent company to a fully controlled affiliate Presbyterian Homes in the Presbytery of Huntingdon Foundation (the Foundation). The Foundation was established in 2004 to operate exclusively for the support and benefit of Presbyterian Homes in the Presbytery of Huntingdon. The consolidated financial statements of the Corporation include the financial position and activities of the Foundation. The Corporation and Foundation are governed by independent Board of Directors. Prior to April 1, 2005 the Corporations' Board of Directors was elected by the PHPH Board of Directors and the Presbytery of Huntingdon. As of April 1, 2005, the Corporation affiliated with PHI, whereby the Board of Trustees of PHI elects the majority of the Corporations' board of directors, with the remaining positions being elected by the Presbytery of Huntingdon. The Foundations board of directors is elected by the Corporation's Board of Directors.

The Corporation owns, operates and manages four continuing care retirement communities. In total, the Corporation includes 97 independent living units, 97 assisted living units, 376 nursing beds.

The Corporation has received a Certificate of Authority from the Pennsylvania Insurance Department as required by the Continuing Care Provider Registration and Disclosure Act of 1984, (the Act).

#### (2) Summary of Significant Accounting Policies

#### (a) Basis of Consolidation

These consolidated financial statements have been prepared to focus on Presbyterian Homes in the Presbytery of Huntingdon as a whole. All material intercompany transactions have been eliminated.

#### (b) Basis of Accounting

These consolidated financial statements, which are presented on the accrual basis of accounting, have been prepared to focus on the Corporation as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

#### (c) Tax Status

The Corporation and its subsidiaries are tax exempt under Section 501(c)(3) of the Internal Revenue Code

8

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### (e) Cash and Cash Equivalents

The Corporation considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents for the purposes of the statements of financial position and cash flows, except for those included in investments or assets whose use is limited. At times during the years ended December 31, 2006 and 2005, cash balances may have exceeded the federally insured limit of \$100,000.

#### (f) Investments

Investments in marketable equity securities and mutual funds with readily determinable fair values and all investments in debt securities are measured at fair value, as determined by a national exchange in the statements of financial position. Alternate investments – limited partnerships are not readily marketable and are presented at estimated fair value as determined by the investment managers. Management reviews, evaluates and monitors the values provided and agrees with the valuation methods and assumptions used in determining the fair value of the alternative investments – limited partnerships. A decline in market value of any investment below cost that is deemed to be other than temporary results in a reduction in carrying amount to fair value. The impairment is charged to realized loss and a new cost basis for the investment is established. For the years ended December 31, 2006 and 2005, no amounts were charged to realized loss as management believes the decline in value is temporary due to the general economic conditions and not a permanent decline in value.

Investment income consisted of the following:

	Water-	2006	2005
Interest and dividends	\$	311,039	163,892
Realized gains on investments		61,609	2,743
Unrealized gains on investments and			
assets held in trust by others		335,685	232,829
	\$	708,333	399,464

9

Investment expenses of \$12,029 and \$15,684 as of December 31, 2006 and 2005, respectively have been included in general and administrative expenses.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (g) Accounts Receivable

Accounts receivable are shown net of an estimated allowance for doubtful accounts, as follows:

		2006	2005
Total accounts receivable	\$	3,200,702	2,213,485
Less: allowance for doubtful accounts	_	(184,019)	(239,290)
Net accounts receivable	\$	3,016,683	1,974,195

The allowance for doubtful accounts is established based on management's assessment of the collectability of specific resident accounts and the aging of the accounts receivable.

#### (h) Assets Whose Use is Limited

Assets whose use is limited primarily include assets held by a trustee under the terms of various bond indentures and permanently restricted investments. Amounts required to meet current obligations of the Corporation have been reclassified in the statement of financial position as current assets.

#### (i) Inventories

Inventories consist of medical and dietary supplies. Inventory is valued at the lower of cost or market using the first-in, first-out method of inventory costing.

#### (j) Property and Equipment

Property and equipment are stated at cost or, if donated, at fair market value on the date of donation. Depreciation is being provided on the straight-line method over the estimated useful lives of the assets. The Corporation's policy is to capitalize items in excess of \$2,000 or for a group of items totaling \$2,000 or more.

Depreciable lives are determined as follows:

Land improvements	15-25 years
Buildings and improvements	10-25 years
Departmental equipment, furniture and fixtures	10-25 years
Furniture	5-15 years
Vehicles	5 years

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (k) Funds Held in Trust by Others

The Corporation has been named as a beneficiary of several trusts which are administered and controlled by independent trustees. The trusts are recorded as contribution revenue when the Corporation is notified of the trust's existence. The Corporation receives the earnings from these trusts whose principal is to be held in perpetuity. The earnings from the trust are reported as investment income, increasing unrestricted net assets.

Assets held in trust by others are valued at the estimated fair value of the underlying investments. The change in the fair value of assets held in trust by others is reported as permanently restricted unrealized gains or losses on investments and assets held in trust by others.

Also included in funds held in trust by others are contributions receivable from charitable remainder trusts that are held by independent trustees. Periodic payments are made to annuitants and the remaining corpus will revert to the Corporation upon the death of the annuitant. These annuities are recorded at the present value of the annuity amount discounted at the contract rate over the estimated remaining life of the annuitant.

A summary of these funds at December 31 is as follows:

	_	2006	2005
Assets held in trust by others	\$	367,358	345,070
Contributions receivable from remainder trusts	******	64,131	59,272
	\$_	431,489	404,342

## (1) Deferred Financing Costs

The Corporation has deferred the costs incurred for obtaining the proceeds of its long-term debt arrangements. These costs are being amortized over the term of the related financings using the straight-line method which approximates the effective interest method. Amortization expense is expected to be approximately \$19,459 for each of the next five years.

#### (m) Workers' Compensation

Accrued expenses include a provision for estimated self-insured workers' compensation claims for both reported claims not yet paid and claims incurred but not reported.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (n) Deferred Revenue – Entrance Fees

Entrance fees collected from residents at move-in pursuant to a Residence and Care Agreement are initially recorded as deferred revenue. The non-refundable portion of the fees is amortized to income over the estimated remaining life expectancy of each resident. The portion of the fee refundable upon reoccupancy or six months, whichever is sooner, is amortized on a straight-line basis over the remaining useful life of the applicable facility. The agreements provide for potential death or termination refunds of the non-refundable portion if reoccupancy occurs before the contractual amortization is completed in accordance with the terms of the agreements. The remaining amount of unamortized, nonrefundable entrance fees is recorded as revenue upon a resident's death or termination of the contract.

The amount of entrance fees refundable to residents at December 31, 2006 and 2005 under contractual refund provisions was approximately \$6,500,000 and \$5,900,000, respectively.

#### (o) Resident Deposits

Entrance fees and waiting list deposits received from prospective residents prior to occupancy under Residence and Care Agreements are included in resident deposits in the statement of financial position. These deposits are transferred to deferred revenue upon occupancy of the related units.

#### (p) Statutory Liquid Reserve

The Continuing Care Provider Registration and Disclosure Act requires a working capital reserve equivalent to the greater of the total debt service payments due during the next 12 months on account of any loan or long-term financing, or 10% of the projected annual operating expenses of the Corporation exclusive of depreciation. The reserve is computed on only the proportional share of financing or operating expenses that are applicable to Residence and Care Agreements. The reserve requirement is considered to be fulfilled by the Corporation's unrestricted cash and investments.

#### (q) Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation in perpetuity. The interest and dividend income from these restricted assets is used for the charitable purpose.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (r) Donor Restrictions

The Corporation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose to which the donation is restricted is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

The Corporation reports non-cash gifts as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Corporation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributions, including unconditional promises to give, are recognized as revenues when the promise to give is first made. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value as of the date of contribution.

#### (s) Resident Service Revenue and Business Concentration

Resident service revenue is reported at the estimated net realizable amount to be received from patients and others including Medicare, Pennsylvania Medicaid and other third-party payors for services rendered. The Corporation derives a portion of its revenues from federal and state reimbursement programs with a significant majority of state reimbursement from Pennsylvania Medicaid. All of the skilled nursing facilities operated by the Corporation are certified to receive benefits under Medicare and Medicaid.

The reimbursement methodology for a variety of health care providers has changed significantly as a result of provisions contained in the Balanced Budget Act of 1997 ("Budget Act"). The Budget Act provides for a prospective payment system ("PPS") for Medicare reimbursement for skilled nursing services (rather than the retrospective cost-based methodology in place prior to July 1, 1998). Skilled nursing facilities are paid a federal per diem rate for covered services, which include routine and ancillary services and capital-related costs. In conjunction with PPS, consolidated billing for Medicare Part A Services is required for skilled nursing facilities. Under consolidated billing for Medicare Part A Services, facilities must bill Medicare for all of the services residents receive, with several exceptions, including all therapy services. The Corporation's skilled nursing facilities began utilizing this new rate methodology in January 1999.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (s) Resident Service Revenue and Business Concentration (continued)

Nursing services provided to Medicaid beneficiaries are paid at prospectively determined rates per day. These rates vary according to a resident classification system that is based on clinical diagnostic and other factors and the reimbursement methodology is subject to various limitations and adjustments. The Corporation's current concentration of skilled nursing facilities in Pennsylvania exposes it to the risk of changes in Medicaid reimbursement in this state.

Revenues from Medicare and Medicaid represent approximately 65% of revenues for 2006 and 2005. Medicare and Medicaid receivables represent approximately 76% and 66% of accounts receivable at December 31, 2006 and 2005, respectively.

The Commonwealth of Pennsylvania (the State) received approval from the Federal Center for Medicare Services (CMS), to retroactively assess a nursing bed assessment as follows:

July 1, 2004 to June 30, 2005: \$1.50 a day for continuing care retirement community non-Medicare occupied beds, and \$15.91 a day for stand alone nursing facility non-Medicare occupied beds. As a part of this, nursing home providers received an additional supplement of \$7.05 a day, based on a number of factors, including their Medicaid utilization.

July 1, 2005 to June 30, 2006 \$1.54 a day for continuing care retirement community non-Medicare occupied beds, and \$15.95 a day for stand alone nursing facility non-Medicare occupied beds. As a part of this, nursing home providers received an additional supplement of \$5.17 a day, based on a number of factors, including their Medicaid utilization.

The supplemental and assessment amounts per day have not yet been finalized for the period 7/1-12/31/06. The State has published proposed amounts but no amount has been included on the Corporation's financial statements for this period.

For the years ended December 31, 2006 and 2005 the Corporation received approximately \$154,000 and \$1.2 million additional revenue, respectively for the net effect of this assessment and supplement which is recorded as resident service revenue.

#### (t) Charity Care

The Corporation provides care to residents, who meet certain criteria under its charity care policy, at amounts less than its established rates. Charity care is recorded as a reduction of revenue.

#### (u) Donated Services

Donated services are reflected in the financial statements at the fair value of the service donated. The Corporation pays for most services requiring specific expertise.

#### (10) Workers' Compensation Insurance

The Corporation has instituted a self-insured Workers' Compensation program as allowed by the Commonwealth of Pennsylvania Bureau of Workers' Compensation. This program provides for selfillnesses opposed utilizing payment of work related injuries and as to insurance carrier. The Corporation has contracted with major insurance carriers for excess insurance coverage, loss control services and administration. In 2005, the Corporation maintained a letter of credit for \$300,000 in connection with this self-insurance program. The letter of credit was secured by a pledge of a money market account totaling approximately \$300,000. The Corporation also maintained a restricted investment account in the amount of \$718,000 as collateral for this selfinsurance program. In 2006, the Corporation no longer maintains a letter of credit, but maintains a restricted investment account in the amount of \$1,134,125 as collateral for this self-insurance program. At December 31, 2006 and 2005, the Corporation has recorded an accrued expense of approximately \$1.23 and \$1.25 million, respectively for workers' compensation claims which includes known case reserves and an estimate of the Corporation's liability for incurred but not reported claims.

#### (11) Temporarily Restricted Net Assets

Temporarily restricted net assets as of December 31 are available for the following purposes:

	2006		2005	
Contributions receivable from charitable trust for charity care	\$	64,131	59,272	

Net assets of \$114,440 were released from restriction during 2005 in satisfaction of the above restrictions.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (12) Permanently Restricted Net Assets

Income from the following permanently restricted net assets as of December 31 is restricted for:

		2006	2005
Investments to be held in perpetuity, the income from which is expendable to support the Corporation's operations	\$	1,836,586	1,741,507

	\$_	2,203,944	2,086,577

#### (13) Charity Care

The Corporation provides care to residents who meet certain criteria under its charity care policy at amounts less than its established rates. Because the Corporation does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. In addition, the Corporation considers contractual allowances charity care. The total amount of charity care provided under these policies was approximately \$2.0 and \$2.6 million for the years ended December 31, 2006 and 2005, respectively of which the amount of charges foregone for services and supplies was approximately \$627,000 and \$765,000 for 2006 and 2005, respectively.

#### (14) Retirement Plan

The Corporation participates in the defined-contribution retirement plan of PHI. This plan covers all employees that have completed one year of service and have reached the age of 21. Vesting occurs after three years of service. Contributions to the plan are at the discretion of the Board of Trustees of PHI, and employees have the ability to direct how their contributions are invested. For the years ended December 31, 2006 and 2005, retirement plan expense totaled approximately \$263,268 and \$531,700, respectively.

#### (15) Commitments and Contingencies

The Corporation is involved in several legal proceedings arising from its activities in the health care industry. Although it is not possible to presently determine the final outcome of these matters, management believes the aggregate liability, if any, resulting from such proceedings will not have a material adverse effect on the Corporation's assets, liabilities, net assets, operations or cash flows.

Notes to Consolidated Financial Statements

December 31, 2006 and 2005

#### (16) Financial Instruments

#### (a) Fair Values of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Cash and cash equivalents: The carrying amount approximates fair value because of the short term nature of those investments.

Investments: The fair values of U.S. Government securities, notes, corporate bonds, equity securities and mutual funds are estimated based on quoted market prices for those or similar investments. Alternate investments – limited partnerships are valued as described in not 2(j).

Long-term debt: The carrying amount included in long-term debt in the statement of financial position for bonds payable and mortgages payable approximate fair value.

The Corporation has a number of other financial instruments, none of which are held for investment purposes. The Corporation estimates that the fair value of all financial instruments at December 31, 2006 and 2005 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statements of financial position.

#### (b) Financial Instruments with Off-Balance-Sheet Risk

Financial instruments with off-balance-sheet risk to the Corporation, consist of certain financial guarantees of its affiliates and letters of credit obtained from various financial institutions. The Corporation's exposure to credit loss in the event of nonperformance by the other party to the financial instrument is represented by the contractual amount of those obligations as disclosed in note 4.
